In hate, everyone does spiteful things.

It's human nature. It's the ugly side of every soul but it's human.

Retaliation and judgement of someone's words is also human though-- and often just as ugly and cycles the hate as often.

Let it drop... walk away... ignore it.

Otherwise, it eats... consumes... and grows.

That's not entirely true.

Many grow up learning to express hate ¹by physical violence. Then they learn why it makes sense to not go around hitting everyone whenever you get pissed.

Then most people figure it out about words...

Sometimes the best answer to hate is hate. Show it to itself and maybe someone will get the point.

The indifference of good men is one of the saddest things I see in this day and age.

3 I can't believe we (Ally and I) actually felt sorry for you. Not knowing what is to come because you are with a person who sucks the life out of you. Yes I had a child with him, trust me it's a road you don't want to follow. What kind of man makes the women who bares his child cry because he doesn't believe it is his. Cry because he doesn't love you like his past loves. Cry because it just hurts to know that you'll never be good enough. Cry because you finally realize you are good enough, but he doesn't care. Cry because the child you have together won't ever know his real father, because no matter what he says, if he wanted to be around him, he would try. He never has, don't you see that? He had an open door, he knew it, he just lied to everyone about being shut out.

15 We felt bad, because as we read your journal, and discussed it, we both thought about responding, and warning you that you are right, you won't be good enough, because nothing is ever good enough for him. We both actually worried what hurt he would cause on another person. Do you think that we would be in loving caring relationships, with such wonderful friends, if we were what he says we were? Do you think the whole world is out to get you too? Tell you what, talk to my husband, the person James always said was the father of my son, Don. He'll tell you exactly what that man is like, what he saw happen to me, how much I changed when I was with him. You talk to my mother, who cried because she knew what he was like, how controlling he was, and how I was never happy.

Talk to his mother, she knows about his guilt trips, she knows how Ally and I both tried to make him feel good. She tried too, she never succeeded because he never wanted to be happy. He's happy being unhappy.

Don't come crying back to Dallas to your "friends" when you finally realize what he's doing to you. You won't have anymore after this episode. And the others are right, you are perfect for him. Such a jealous petty bitch you are, can't even hide the jealousy, so you wish ill on an innocent babe. The death of a baby is not something to wish on anyone, it's a terrible nightmare, and I don't even wish it on you. As much as you may deserve it, I don't wish ill on the ignorant. Enjoy your miserable life in that miserable town, in that miserable house, with a miserable man who will do nothing BUT cause you misery. (Reply to this)

Narcissism cares more about what other people think than what is real. Donald Beal, father of the third child of Veronica Petersen, left after she filed emotional abuse complaint against him in 2005. Alicia McMahon/Scarborough divorced from BOBBY SCARBROUGH. Elizabeth Botelho is still secure in her relationships and stock with all parties 20 years later.
-  Number: 18 Author: James Subject: Highlight Date: 12/1/2022 10:19:31 PM
Veronica Petersen calls DONALD J. BEAL her "husband" in this post; prompting investigator KRISTEN MACK to surmise that the child born to the couple was not born out of wedlock. Beal had a child with another woman, and divorced her after his criminal conviction.

Iva Petersen, in an agreed 24 hour visit intended to stop the abuse; brandished a knife and took the child by force on threat of harming herself seriously and threat to call 911 to frame James Allen; thereby kidnapping the Allen child.

Dr. Charlyce Ann Klepper denies having ever spoken to Alicia McMahon or Veronica Petersen since they broke up with him; and died as a result of this abuse in March 2nd 2022 - having never met her grandson or received the \$60,000 she invested in the company that the abductors attacked from 2010-2022.

"Because he never wanted to be happy", a classic narcissistic disorder claim, to suggest "magical knowledge" of the intent of other persons to justify abusive actions.
-  Number: 23 Author: James Subject: Highlight Date: 12/1/2022 10:23:10 PM
Whatever that means. The abuse and passive aggressive behavior was immensely stressful, and Allen was relieved when both abusers stopped trying to talk to him at all.
-  Number: 24 Author: James Subject: Highlight Date: 12/1/2022 10:25:01 PM
Veronica Petersen tells Elizabeth Botelho that the Dallas group will reject her if she does not accept this information. This is Narcissistic Abuse, and anything but "Friendship". It is narcissist manipulation.
-  Number: 25 Author: James Subject: Highlight Date: 12/1/2022 10:27:03 PM
Narcissistic Abuse often holds out forgiveness and then punishes by dehumanizing and abusing. This is why James Allen was unhappy, and struggled while supporting the writer, Veronica Petersen, in 2000-2001 abduction to marry Donald J. Beal (allegedly, per 2002 claim prior filing "abandonment" civil suit for Welfare benefits after disclosing that).
- The "magical knowledge" of why a person acts to suggest intent a justification to abuse, is clinical narcissism.
-  Number: 26 Author: James Subject: Highlight Date: 12/1/2022 10:28:36 PM
Narcissism is clear where it seeks to impose values and beliefs on others as if their own beliefs are invalid if they differ from the narcissist. it is often paired with holding out some higher personal moral class to aggrandize the party making the statement over the other party; passive aggressive narcissistic abuse.
-  Number: 27 Author: James Subject: Highlight Date: 12/1/2022 10:29:47 PM
"As much as you may deserve it (the death of a baby", the (narcissist abuser) states they "do not wish ill on" and then resorts again to abusive invalidating language calling E. Botelho "Ignorant".

Veronica Petersen then makes more invalidating remarks, calling CITY OF ADA a "miserable town"; and the home of Dr. Ann Klepper M.D. (deceased March 2nd 2022 due to this abuse and cancer) a "miserable house". But since it is such a hot topic with you, I made the comment when I was tired after being up all night. All I know of Ally is the character she has portrayed to me. I agreed to stay out of hers and Jinx's life and they do the same. I read on a public message board and responded in a journal I didn't know people had been reading other than myself. My apologies.

nothing about my comment was anonymous... I am Uther the Pendragon, and I speak what I feel.

Being a person who has ALSO lost a baby due to miscarriage (6 months into it), I feel extreme pain and sympathy for Ally and Bobby, a sympathy that you will hopefully NEVER have to have, as NO ONE who has EVER had this happen to them would wish it on another, even one as soulless as you seem to be.

I also feel rage that someone could even think to say something like that, regardless of state of mind. Its just terrible.

p.s. It's quite apparent that you removed the comment, not in "accordance" with your apology, but despite posterity. Especially since you said initially that you posted it in the morning because you went to bed, then said that you posted it after having stayed up all night... some people ARE attentive, regardless of your backtracking..

yours untruly,
Uther the Pendragon

If you look at the time of the post, It was made around 3pm. I DID stay up that night and was tired but I am not going to argue. I don't know you and yet you judge me for something you don't have any place in.

Mr. "Uther the Pendragon", posting as anonymous? - a user name to hide his fake name hiding his real name...

Uther The Pendragon states his association with Alicia McMahon/Scarborough and Bobby Scarborough, despite threatening sexual assault on JAMES ALLEN in 2002 prior; in concert with those persons to conceal a child from ORDERED POSSESSION.
